### **About Us:**

We're a not-for-private-profit social enterprise food business which helps build more sustainable food systems which are better for society and our environment.

We currently operate three grocery stores, at Victoria Road on the south-side of Glasgow and Dumbarton Road in the west, and Garnethill in the city centre. We grow fruit and vegetables across four sites in and around Glasgow, and provide veg boxes to around 2000 households per week.

We also help new growers get started through our Grow the Growers programme and help those facing food poverty through our Good Food Fund.

We're a high growth business with a turnover of £3.5m in 2019-20, up from £2.6m in 2018-19, which was up from £850k in 2017-18. We expect a similar level of growth will go on for many years which creates many opportunities for the right people but does mean Locavore is not a static and stable environment which definitely doesn't suit everyone.
